

## Contents

## **Part I**

# **Introduction**

## **1 What is this?**

This is the A3S Repo Updater. Or Arma3Sync-Repository Updater

## **2 Why is this a thing?**

Because creating Repositories for Arma3Sync is enough of a hassle. So I made updating the Mods more or less automatic, but definitely easier.

## Part II

# A3S-Repository Updater

## 3 Install A3S-Repo Updater

TODO

### 3.1 Requirements

- python3
- pip
- git

### 3.2 Installation
